HACIA'S 42nd ANNUAL AWARDS BANQUET

Program Book Advertising Requirements

The Banquet Program Book is a full color book (8 1/2" x 11", 4/4, CMYK). Depending on your sponsorship level, ads are available in Full page, 1/2 page and 1/4 page sizes.

Page Layout Guidelines:	Bleed (Width x Depth)	Non-bleed (Width x Depth)
Full Page	9" x 11 1/2" Please keep in mind that .25" all around the page is for production bleed and will not show, thus any copy in your ad should stay within 7 1/2" x 10" of the page to ensure it shows properly once the bleed is cropped.	7 1/2" x 10"
1/2 Page (Horizontal)	-----	7 1/2" x 4 3/4"

Ads Specs overview:

The preferred file format is Press Quality PDF file format saved at 300 dpi (save without compression for maximum quality output). HACIA also accepts EPS (encapsulated postscript) and TIFF files also saved as CMYK (color) at 300 dpi resolution. If you are sending InDesign files, please make sure that you package your file with all link images and fonts.

Microsoft Word files or artwork provided from web pages are not accepted as they are not optimal for press quality production.

Sponsorship Logos:

If you are sending company logos, the preferred format is vector format EPS or AI (Adobe illustrator) files with all text outlined. Hi-resolution (300 dpi) JPG and TIFF files are also accepted as well as press quality PDFs. Low resolution logos from websites (typically gif files) are not accepted as they are not optimal for press quality production.

All Artwork should be delivered as follows:

Save file onto a CD

Provide color proof

Provide company name, contact person for Advertising questions, and phone number along with CD and proof
